

School of linguistics is very important topic for the students in ph.D programme in our Dept. Since it tackles different types of linguistics school fro the old age to the modern age.this means that the student have to take some information about the Greek and Rome.in addition the structural linguistic school and the role of Bollmfiel in this regard.Saussure is the figure of that time. Turn to generative linguistic school by Chomasky. It explains the notion of copmpence and performance.
