

Education

My school

In groups, tell each other about a school you went to as a child.

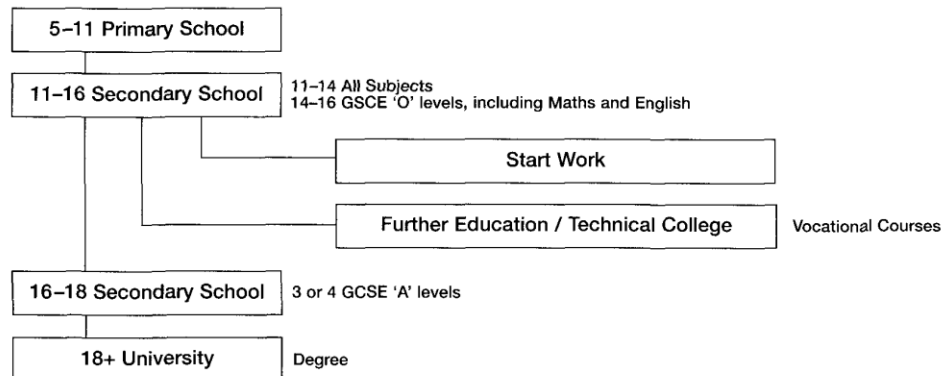

where it was, a teacher you admired, a teacher you detested, a good friend, your favourite subjects, your best/worst subjects, a memorable day

Would you send your child to the same school? Why (not)?

English school system

What are the stages of the English school system? (Draw the chart on the board and elicit as much as possible from the class.)

In small groups, compare the English school system with the system in your country, including subjects, fees, age ranges, degree length, etc.

Discipline

► How do you think disobedient and disruptive schoolchildren should be disciplined? In groups, decide on the best methods.

corporal punishment, lines, discussion, expulsion, detention, parents, young offender institutions / reform schools, privileges, child psychologist

► In groups, tell each other about something bad that you, or somebody you know, did at school. What was the punishment? Was there anybody at your school who was particularly disruptive or delinquent? Do you know what happened to him/her in later life?
